EDUCATION

Purdue University, Krannert School of Management — **West Lafayette, IN**
Master of Science, Business Analytics and Information Management, GPA 3.74/4.0 — **June 2021 - May 2022**

- Member of Beta Gamma Sigma – membership awarded to top 20% of graduating class
- Relevant Courses: Computing for Analytics, Python Programming, Using R for Analytics, Advanced Business Analytics, Analytics Industry Practicum, Data Mining, Data Visualization, Management of Organizational Data, Spreadsheet Modeling and Simulation, Optimization Modeling with Spreadsheets, IT Project Management

Taylor University — **Upland, IN**
Bachelor of Science, Mathematics and Business Management/Systems, GPA 3.52/4.0 — **September 2016 - December 2020**

- Member of the Taylor University Football Team (2016-2019); Team Captain (2019); Assistant Football Coach (2020)
- Graduated Cum Laude with 166 credits applied
- Four-year recipient of the Presidential Scholarship (highest academic award given)
- Relevant Courses: Linear Algebra, Mathematical and Advanced Statistical Methods, Calculus I, II, III, Advanced Calculus, Operations Research, Operations Management, Information Systems Analysis/Design, Computational Problem Solving

PROFESSIONAL EXPERIENCE

Kimley-Horn — **Raleigh, NC**
Data Analyst III – Business Intelligence — **January 2025 – Present**

- Lead analyst on the Operations team – partner with the COO and SVP to complete 10+ ad-hoc analyses monthly to drive decision making across the firm
- Deploy ML models (OLS, XGBoost) to forecast key KPIs including employee utilization, revenue, accrued paid leave, etc.
- Built an employee compensation model that decreased model error by $9.98M (77% reduction in error)
- Lead initiative to automate bi-monthly reporting, build pipelines using AI, SQL, Alteryx, Python, VBA, and Power Query to save analysts 15+ hours per month
- Serve as an "AI Catalyst" – partner with leadership to leverage, deploy, and integrate AI across BI and Finance initiatives

Fresh Thyme Market (Meijer) — **Grand Rapids, MI**
Lead Data Analyst – Advanced Analytics — **May 2022 – January 2025**

- Partnered with merchandising teams and implemented ML to forecast product demand – decreased product shrink by an average of $113,000 per period
- Built ML models to forecast KPIs for the FP&A team; increased model accuracy by $8.1M in sales (53% reduction in error)
- Supported analytics initiatives for the MyThyme Loyalty Program with +1M customers and +$360M in annual sales
- Deployed the customer segmentation model; used to target +650K customers weekly based on their shopping behavior
- Created item-to-item affinity model; uses a two proportion Z-Test to quantify the strength of affinity between pairwise items

RH (Restoration Hardware) — **Corte Madera, CA**
Data Science Consultant — **January 2022 – May 2022**

- Built time series models to forecast lane-wise shipping volume for 20+ shipping lanes; outperformed the legacy forecasting system by $1.2M annually
- Built an R Shiny application that allows the forecasting team to update the models as their data changes
- The RH Operations team adopted our modeling process and deployed the model to production

PROFESSIONAL AND TECHNOLOGICAL SKILLS

Programming Languages: SQL, Python (pandas, NumPy, scikit-learn, Matplotlib, seaborn), R, MATLAB, HTML, CSS, SAS
Tools: Artificial Intelligence (AI), Snowflake, Databricks, Tableau, Power BI, Microsoft SQL Server, Alteryx, GitHub, Oracle, Jupyter, PyCharm, RStudio, Atom.io, Microsoft Suite (Excel, Azure, Access, etc.), Smartsheet, DevOps, VS Code, Asana
Certifications: Tableau Desktop Specialist, SAS/Purdue Business Analytics, Microsoft Excel – Advanced Formulas and Functions

VOLUNTEERING AND LEADERSHIP ACTIVITIES

- Devoted husband, father, and "dog dad" to a mini golden doodle named Indy
- Volunteer at Project Hope Ministries Food Bank and Thrift Store
- Volunteer for Eastbrook Elementary After School Program, Grant County Special Olympics, and FCA (2017-2020)
- Worked at the 2020 NFL Combine in Indianapolis, Indiana
